

Chair Report February 2018

The March 18th practice schedule was settled by Carol and the website is updated accordingly (RAC 4pm Comp/Masters 5pm Comp/Snr Rec)

Club photos have been booked for Thursday March 15th with Tanya Greene Photography. She is offering us an amazing deal at \$100 for digital copies. The club will be paying \$50 as an honorarium and Sew Synchro (the company which made team suits) will be paying the remainder so they may use the pictures on their website (she/I will be in touch with families who have restrictions on photo sharing before posting any on social media) I will be in touch with coaches to get emails together for teams outlining requirements for each

Becky and I are still working on updating the foyer bulletin board and other PR materials. Most information is updated but we are still looking for quotes to use from swimmers and parents. Becky will be passing on updated info to Amber when we are complete so that we may update the website. We have come up against a few cost issues and hope to have them settled by the next meeting, so we can cross these off our 'to-do' lists.

Still working on updating policies and/code of conducts and I am encouraging more feedback as only two people have responded. I plan on working on updating these so that we may send them out to the club members to receive more feedback before we get them finalized.

All Synchro BC raffle tickets have been handed out to swimmers and emails home have been sent to keep families up to date. I have asked that all tickets/money been returned by practice on the 10th of April and have kept record of which tickets went home with which swimmer so we could track them.
